

Technical drawing of the top view of a rectangular plate. The overall dimensions are 565 mm in width and 430 mm in height. The inner rectangular area has a width of 282.5 mm and a height of 215 mm. The plate features a central circular hole with a diameter of 155 mm. There are four rectangular slots, each 15° wide, located near the corners of the inner rectangle. The plate is reinforced with a grid of 16 circular holes (4 rows by 4 columns) around the perimeter. The distance between the center of the central hole and the center of the nearest corner hole is 155 mm. The distance between the center of the central hole and the center of the nearest side hole is 15°.

Technical drawing of a rectangular frame assembly. The drawing shows a central rectangular frame with four corner brackets. Dimensions are indicated: a vertical dimension on the left is labeled "max. 249", a horizontal dimension on the right is labeled "min. 325", and a horizontal dimension at the bottom is labeled "max. 389". The drawing includes various lines representing the frame structure and mounting points.
